### Oh, How Thankful

Pain Was Maddening and Hope Had Been Abandoned - Wonder-

ful Results of Purifying the Clood. "A very severe pain came in my left knee, which grew worse and worse, and finally a sore broke out above the knee. It discharged a great deal and the pain from my thigh down was maddening. Large, hard, purple spots appeared on my leg. I suffered in this way for years, and gave up all hope of ever being cured. My wife was reading of a case like mine cured by Hood's Sarssparilla, and she advised me to try it. I began taking it and when I had used a few bottles I found relief from my suffering. Oh, how thankful I am for this relief! I am stronger than I have ever been in my life. I am in the best of health, have a good appetite and am a new man altogether.

"A day's journey," as the expression is used in the Scripture, means from 10 to 20 miles. The "Sabbath day's journey," frequently mentioned in the Bible, was 2,000 paces, or about three-quarters of a mile. The Jews were for-bidden to travel farther than this distance on their Sabbath, but often evaded the prohibition by taking a small quantity of food and burying is in the ground at the required distance from their homes, whereby this spot became technically a habitation, and they could proceed from it another Sabbath day's journey on their way.

#### NOT ALWAYS UNDERSTOOD.

A fact often overlooked, or not always understood, is that women suffer as much from distressing kidney and bladder troubles as the men. The womb is situated back of and very close to the bladder and for that reason any distress, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of The error is easily made and may be as

easily avoided by setting urine aside for twenty-four hours; a sediment or settling is evidence that your kidneys and bindder need doctoring. If you have pain or dull aching in the back, pass water too frequently, or scanly supply, with smarring or burning.—three are also convincing proofs of kidney trouble. If you have doctored without benefit, try Dr. Kilmer's Swamp-Root, the great kidney remedy. The mild and the extraordinary effect will surprise you. It stands the highest for its wonderful curse. If you take a medicine, you should take the best. At druggists fifty cents and one dollar. You may have a sample bottle. frequently, or scanty supply, with smart-
